

My Personal Background

What's up? The name is Will. My full name is "William Thomas Peterson IV. Anyway, this isn't any ordinary autobiography, it's about me. Anyway, I'm currently I am 13 years young. I have dirty blonde hair and green eyes. I got my braces off in January 2005. So now I got a smile with no metal. I am 5'10 at the moment and growing. I was born in Houston, Texas on December 3, 1991. After I lived there for about three years, we moved to Tucson, Arizona and lived there for about a year. Then we took a long trip down to Rockport, Texas where most of my family (on my mom's side) lives. I took a year of pre k in Tucson, and the rest in Rockport's "Sacred Heart" catholic school (pre k). That was no fun. So then I went to ABC Learning Center (kindergarten-1st) where I met a bunch of my friends that I still hang out with today. After that I went to Fulton Elementary which was my first public school (besides Tucson). I met most of my friends today there. Then I came to RFMS where I knew almost everybody already, but got a lot more friends too.

Family and Friends

My mom's name is Greta K Peterson. And my dad's name is William Thomas Peterson III. My mom was born and raised in Rockport, Texas on October 13, 1960. My dad was born on October 19, 1962. They met each other in Austin Texas while attending University of Texas. The rest is history. My only sibling was born on August 27, 1989. In the same hospital I was. Elizabeth Anne Peterson is the name, tormenting me is her game. For all her life she has made mine miserable. Enough said about that. I got a ton of friends so I will name my best of the best friends. Dylan Ramzinsky, Shawn Kilpatrick, Billy Thomas, Joey Steckler, Katie Mora, Jennifer Wright, Dilan Novasad, TJ Thornton, Brian and Austin Dotson, Brianna Reeves, Kendall Forest, Dalton Conway,

and a lot more. We mainly see each other at school, but sometimes we go see movies and stuff. Anyway, I have two cats, Edwina and Tiger. Edwina is really my cat and she sleeps in my room all day. Tiger is my sister's/mom's cat and he sleeps where he falls, which is pretty much anywhere. I also got a ton of fish of different kinds.

Things I Enjoy

Some stuff I enjoy are paintball, football, hanging with friends, hunting, fishing, going to movies, riding bikes, school(to a certain extent), video games, and basically whatever everyone else kids like. I really just hang out during my spare time or call someone to go see a movie or come over. My favorite food is probably either pizza or burgers. Best movie ever, probably "Fandango" or "War of the Worlds". The book that I have just recently finished is probably my personal favorite, "The Taking of Room 114". And the best TV show has to be Ed, Edd, and Eddy or Spongebob Squarepants.

The Future

After I finish high school I plan to go to the University of Texas or A&M. And get my master's or doctorate in Architecture, Computer Science, Engineering, and Psychics. I will become an Architect or an Engineer. Probably live in Austin or Houston to get prime business. I will probably experience what most adults endure while having a job. And if there is a draft, I am willing to go to war. But hopefully that won't happen, no Canada for me.
